

# European Fire Safety Week 2021

29 november

Stephan Wevers

PRESIDENT FEU

# Stephan Wevers

Since 2020

Our mission: “To share and exchange knowledge to deliver the best Life and Fire Safety to the citizens in Europe”

# First, the most important goals in the field of fire safety:

- Less fires
- Less casualties
- Less damage

## Second, research to increase our knowledge:

- Better insight into the target group in combination with the exact risks
- More knowledge about which interventions are most effective (industry and Fire Brigades)
- Developing good statistics

## **Third, we must learn from each other:**

- Unlocking and sharing the best practices of the EU countries
- Compare and research on statistics, measuring is knowing

**exchange of knowledge**

# And finally; we need to define a goal!

- What is a realistic target for 2030?
- the reduction of the number of fires and casualties by 25% ?

# The commitment of the FEU:

- Keep this topic on the agenda
- Initiator & Partner in organizing exchange of knowledge / experts from the FRS
- Bringing this topic to the attention of the Fire Service Organizations in Europe.
- An intermediary to the European fire brigades for data, definitions and access

Any questions?
